

# TRINOXX ... MORE THAN JUST SUPPLIERS !

Trinnox B.V. is an international, reliable, and professional partner, specialised in the distribution of various ship equipment such as doors, hatches, windows, ventilation louvres, sliding doors and interior outfitting. For many years we supply to shipyards, navy's, shipowners, and the offshore industry all over the world. We are able to supply products for all kinds of vessels, varying from (luxury) yachts to tankers and from container vessels to cruise ships. We are able to take care of the complete process; from your request for quotation all the way up to installation of the products at your premises. Our products originate from manufacturers all over Europe,

## TRINOXX

Marine, Industrial & Offshore Solutions

each producing a specific line of products. All of our manufacturers work according to the requirements laid out by the ISO Certification Board.

If you have an ear for quality, service, great care for delivery times, and competitive prices, please do not hesitate to contact us!!
